accompanying Form PTO-1449 (submitted in duplicate), are  
enclosed herewith.

Applicants also wish to bring the existence of  
another electronic catalog, the "Black Box" system, to the  
attention of the Examiner. Applicants do not possess any  
written information about this system; however, it is known  
that the system is capable of creating and manipulating  
purchase orders. The "Black Box" system is listed on the  
accompanying Form PTO-1449.

Applicants further wish to bring to the attention of the Examiner the Product Information System For Sales And Marketing ("PRISM" system) produced by MediaShare Corporation of Carlsbad, California. Applicants have included (and listed on the accompanying Form PTO-1449) an excerpt from "A PRISM Electronic Catalog Proposal: Product Information System For Sales And Marketing," prepared for Fisher Scientific and presented by MediaShare Corporation on August 31, 1993. The PRISM system is capable of keyword searching and order building.

Applicants further wish to direct the Examiner's attention to the requisition/purchasing systems described in the above-referenced application at page 2.

In addition, applicants wish to bring the following references (each of which is also listed on the accompanying PTO Form-1449), to the attention of the Examiner. These references, which generally relate to requisitioning, order entry or inventory management systems, were disclosed as part of the July 7, 1993 Information Disclosure Statement submitted in connection with co-pending, commonly assigned Johnson et al. application Serial No. 08/042,168, entitled "Requisition and Inventory Management Systems."
